

“Phillips Fundamental Learning Center did a great job of taking an overwhelming task and making it simple for teachers and parents – no matter where they are located. These are the tools to get a child who has reading difficulties, reading.”

— Amber Jacobsen,
Victor, Idaho

We have prepared a few short videos to help you get started. They are available online by calling 316-984-7323 as soon as The Sound Case kit arrives.

Presented by an experienced literacy intervention specialist who has taught children in our laboratory school at Phillips Fundamental Learning Center in Wichita, Kansas, USA., this set of short videos helps assure your success in teaching children with dyslexia how to read for the first time.

You are welcome to visit our new building in Wichita, Kansas and observe The Sound Case in action.

Phillips Fundamental Learning Center is a 501(c)(3) teacher/parent education center offering a teaching lab school for children 5 years -10 years old – specializing in those with dyslexia and other reading related difficulties located in the heart of the nation.

Open
The Sound Case™
and think differently about
teaching a child to read.

Phillips Fundamental Learning Center.

Specialists in bringing literacy to life.

“Amazing! The Sound Case™ kit is something I can use at home with my child or in my classroom tomorrow.”

— Emerging Reader, K-4th grade teacher

Prevent reading failures, intervene or remediate K-1 with these 43 unique, scripted and structured literacy lesson cards.

Teach struggling readers, especially those with dyslexia to read, write and spell.

And have fun doing it.

Check the box for:

- dyslexia
- dysgraphia
- K-1
- multisensory
- ESL
- tactile learning
- professional online teacher training
- individual or classroom intervention
- speech and language
- evidence-based
- higher level thinking skills
- gifted-ed
- structured literacy

The Sound Case is developed for Kindergarten and 1st grade Tiers I through III instruction and 2nd grade remediation Tier III.

These lessons are lightly scripted to enhance all 5 components identified in the “science of reading” research (phonemic awareness, vocabulary, phonics, fluency, and comprehension).

The first step is viewing our short preparation video steps briefing.

Call 316-684-7323 for access after The Sound Case Kit arrives.

“We love The Sound Case! It has added great value to our kindergarten instruction at WCS.”

— Becky O’Hearn,
Head of Early Childhood
Wichita Collegiate School

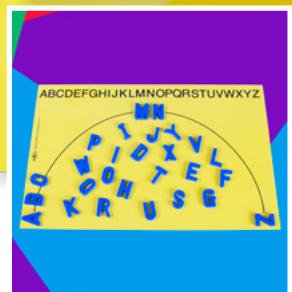

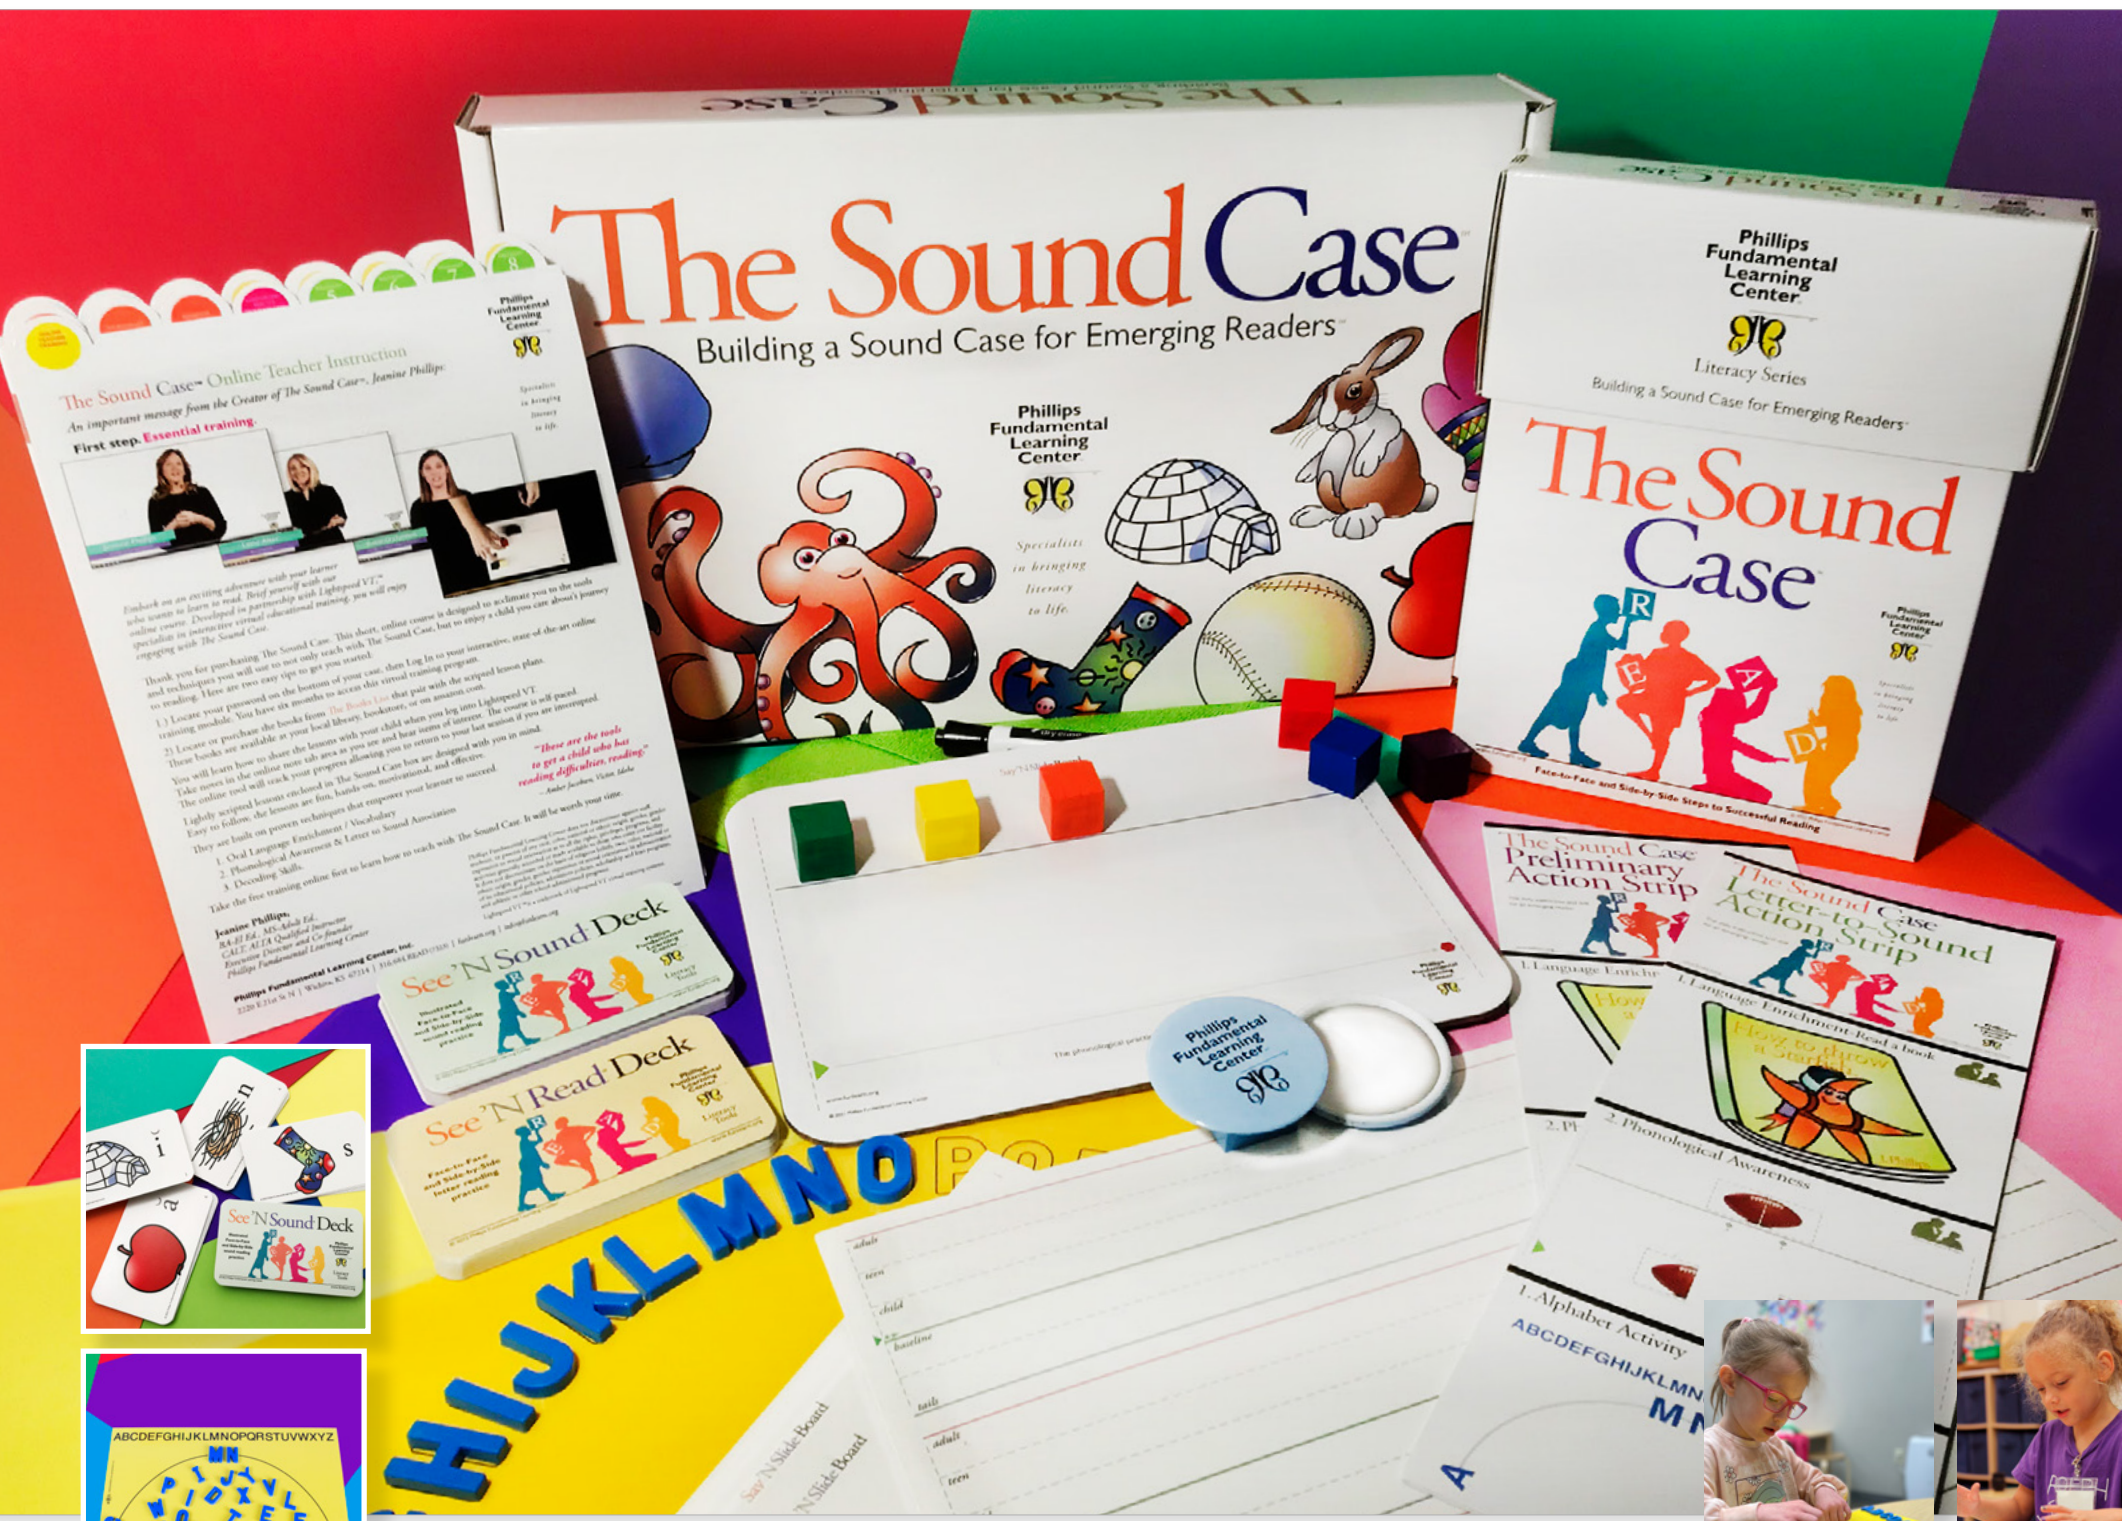

The Sound Case is designed to provide the major first steps in a path that meets Federal guidelines. This program was developed to help a child learn to read, especially one who is dyslexic.

It addresses early childhood (5-7 year olds), is literacy-based, and develops the emerging literacy skills of phonological awareness and letter recognition.
